BOT Community Consultation Meeting **Monday 4th November 5.30pm (School Library)**

Childcare and pizza provided

It is the time of year when we are planning the next 3 years for our school (drafting our School Charter). Community consultation is a critical part of our Board of Trustees operation. Shelley Schnuriger (BOT Chair), Andrew La Grouw, Mike France, Mary Briggs and Edwin Schweizer will be running a focused consultation meeting in our school library next Monday at 5.30pm to gather relevant information that will guide our school vision and priorities. Meaningful and honest community engagement ensures we set out to achieve long-term and sustainable outcomes, adding many voices to decision-making and implementation of future plans.

The following questions will be considered at the meeting:

- ★ How can WVS better support parents/whanau to be involved in their student's education and wellbeing?
- ★ What does WVS do well?
- ★ What is one thing that you think WVS could do better?
- ★ In the next 3 - 5 years what would you like WVS to focus on?

All community members will be warmly welcomed and all ideas will be entered into the discussion. :) Past parents/caregivers, current parents/caregivers, grandparents and other members of our school community are all welcome to provide input.
